

Simple Little Secret To Big Track Payouts

Simple Little Secret To Big Track Payouts
by Art Robertson

Art Robertson

Thank you for your purchase! Here are the Simple Little Secrets To Big Track Profits that can absolutely make you a ton of money at the races. This may be one of the best investments you've ever made, because the horses selected with this method will pay big money when they win.

As promised, I first would like to give you the online wagering sources that I prefer to use:

WWW.BRISBET.COM

WWW.YOUBET.COM

Since it is much easier now to place your wagers online (providing your state allows this), you may be able to enroll in either of these sites and place your bets directly online. In addition, WWW.BRISNET.COM has provided FREE flash race results.

With this method, virtually all races are playable. Therefore, you should check all horses in the race. In addition, we are providing actual examples on the next several pages.

The Simple Rules Are:

1. The horse's last race must be at today's track within the last 50 days, and have workouts showing since its last race.
2. The horse must have raced at Today's Distance in at least one of its last 4 starts (if there are more than one race at Today's Distance in the last four, use the most recent one **only**).
3. The horse must have been leading (or less than one length from the lead) at the First Call in that race at Today's Distance.
4. If more than one horse in the race qualifies using the first 3 rules, use the best speed number for the qualifying race.

See what this method did (on the next several pages) at Woodbine on Saturday, November 25, 2006. It is my sincere hope that you can achieve the same results at the track of your choice. Good Luck!
